The crocodile always eats the biggest number!

Examples of word problems:

An apple costs 20p, an orange costs 10p and a banana costs 15p. How much would 2 apples, 1 orange and 1 banana cost altogether?

If I had £1.50 and I spent 40p. How much would I have left?

Susan walks 80m. She stops and then walks another 40m. How far has she walked in total?

If I set off at 2 'o'clock, and it takes me 1 and a half hours to get to London. What time will I get there?
