This statement sets out the Governors policy on the management of finances within the school. It applies to all funds delegated or devolved within the provisions of the Schools Standards and Framework Act 1998.

1. The Governors have overall responsibility for securing the efficient and effective administration of the school and its' resources. Accordingly, the Governors regard proper control of the school finances as being of utmost importance. The Governors have acknowledged and adopted the principles of good practice contained within these County Council documents for the School's financial management:

- [Scheme for Financing Schools](#)
- [Schools Finance Manual](#)
- [Code of Business Conduct](#) (part 5 of the Council's Constitution which includes financial regulations, contract procedure rules and procedures for contracts and tenders)

2. All staff involved in financial transactions are required to be fully aware of and to comply with these requirements.

3. There are two main strands to this:-

- Operational control over spending and income collection
- Monitoring and control of the budget

4. The Headteacher is accountable to the Governors for the exercise of delegated authority and in turn staff are accountable through their line management to the Headteacher. Staff must not exceed their delegated authority which must only be exercised within the above framework of overarching rules and school policies and will be held accountable for their decisions and actions. Any matter of financial consequence shall be drawn to the attention of the Governing Body in a timely manner.

5. All financial dealings are to be conducted

- in a framework of openness thereby allowing proper scrutiny and evaluation and
- with absolute integrity and regard for the good reputation of the school.

6. Proposals for the deployment of financial resources shall be properly supported and each proposal shall demonstrate Value for Money and its sustainability in the light of the resources likely to be available.

7. The regular comparison of spending against budget is intended to highlight those areas where the budget is under pressure to enable effective remedial management action and to identify those areas where resources may be released to further un-resourced elements within the School Development Plan. This process should take place at two levels

- Formal reporting to Governors
- Ongoing Internal monitoring

8. The Governors regard the passage of timely and accurate information as being central to the success of their policy. The Headteacher is responsible for putting suitable arrangements in place to ensure the financial data within school are both up to date and accurate so that any member of staff responsible for control of a budget can have an accurate position statement upon request. Internal monitoring is

to take place not less frequently than monthly. Separate statements for each fund are required.

9. The staff identified as budget holders within this document are responsible for controlling those aspects of the budget and ensuring that the Headteacher is kept fully informed of spending against budget.

10. The Headteacher is responsible for ensuring regular monitoring of all budget lines and formal reporting to Governors. Formal reports with explanatory commentaries including information about changes in non-financial data (e.g. pupil numbers) are required to be circulated no less than 7 days in advance of the relevant meeting. It is essential that the forecast year end position together with the implications for at least the next two years is kept under ongoing review.

11. Where routine budget monitoring reveals budgetary pressures requiring urgent attention which cannot await the next programmed meeting the Headteacher shall notify the Finance Lead with a view to a meeting being convened.

12. Staff need to take care that they do not accept any gift that might be construed as a bribe by others or lead the giver to expect preferential treatment. There are occasions when pupils or parents wish to pass small tokens of appreciation to staff e.g. at Christmas or as a small thankyou and this is usually acceptable. However, it is unacceptable to receive gifts on a regular basis or of any significant value. Similarly, it is inadvisable to give such gifts to pupils or their families.

13. The tables below set out the delegated authority and responsibilities of individuals together with the frequencies at which tasks and reports must be completed.

This policy was approved by the governing body.
